

ASSA AWARDS FOR 2010

Congratulations to all those who achieved awards this past year. Many more awards were completed, but not applied for in order to receive recognition by ASSA.

My thanks and appreciation to Bob Miller and Tina Stoner for their assistance with research and record-keeping. They really made this chairman's job a lot easier.

Remember to submit your 2011 award requests in a timely manner—by March 1st of the following year. Award applications are available on the ASSA website and in the BB. March 1, 2012 is the deadline to submit any 2011 awards, but applications received after February 1, 2012 may not be listed in the National catalog.
