IRS AUDIT OF HSUS? - - HSUS JUST BLINKED!!!

The Tax Fraud Office of the IRS in Fresno, CA has now received over 2,000 individually addressed letters from concerned citizens in at least 48 different states.

Each letter asked the IRS to audit and investigate the alleged excessive and under-reported lobbying activities of the HSUS. Significantly, more than 1,100 of these letters were documented - - sent by certified mail. This has created a 2,000 pound GORILLA that cannot be ignored, and this GORILLA is asking the IRS to audit the HSUS!

All letters mailed to date document that an irrefutable “NATIONAL OUTCRY” exists for the IRS to audit the HSUS. That is why I wish to express my profound appreciation for the letter-writing efforts of so many - - with special “THANKS” to those who incurred the extra expense and took the extra time to stand in long lines at the Post Office to send their letters by Certified Mail. “T-H-A-N-K Y-O-U!!!!”

So, how has the HSUS reacted to the “Letter-Writing Campaign?” Well, Mr. Michael Markarian (HSUS Chief Operating Officer - - second only to CEO Wayne Pacelle) has used the typical “SPIN” of the HSUS for “DAMAGE CONTROL,” and purportedly stated: *“We feel this is an anemic campaign, and they’re barking up the wrong tree.”*

By trivializing the “Letter-Writing Campaign,” the HSUS just “BLINKED!” They “spoke out” because they could not ignore the “Campaign” with silence, or the spreading “WILDFIRE” of thousands of letters being sent to the IRS. This “WILDFIRE” has already unleashed over 2,000 “barking dogs” who are “barking” up the HSUS Tree. In short, the HSUS “response” is a sign of “concern” rather than “confidence!”

A Second Wave of First Class Letters could further fan the flames of the “WILDFIRE” and increase the pressure on the IRS to expeditiously begin an audit and investigation of the alleged excessive and under-reported “Lobbying Activities” of the HSUS, such as the \$450,000 “contribution” by the HSUS for the Ballot Initiative effort in Missouri. This “contribution” was posted on the Missouri Ethics Commission Website on January 6, 2010 - - \$450,000 for “Lobbying Activities” rather than direct animal care! Yet another 450,000 reasons for the IRS to begin an audit of the HSUS!

To begin the Second Wave of First Class Letters simply:

1. Write or type a note that says: *“I respectfully ask the IRS to audit and investigate the alleged excessive and under-reported lobbying activities of the Humane Society of the U.S.”*

2. Put that note or letter in an envelope that is addressed to the “INTERNAL REVENUE SERVICE, FRESNO, CA 93888.” (No street address or your return address is needed.)

3. Put a \$.44 stamp on the addressed envelope and drop it in the mail box. That’s it! Nothing more!!!

If 2,000+ letters to the IRS could make the HSUS “BLINK,” stop and think how fast the eyes of the HSUS would be “BLINKING” if a few thousand additional letters were sent to the IRS by even more “barking dogs” who wish to show their presence at the base of the HSUS Tree!
